

# YOU CAN DO IT!

Tell your lawmaker face-to-face what you think about

- Cutting Pensions
- Freezing Pay
- Destroying Good Jobs
- Demolishing Critical Public Services
- Giving Tax Breaks to the Very Rich

It's easy and hundreds of AFGE members have already done it. They've been fighting back by rallying in front of their lawmakers' offices with other labor and community allies.

## Here's the recipe:

- Pick a lawmaker
- Pick a date and time to picket that lawmaker's office
- Round up 25-30 AFGE members
- Get your CLC, State Fed and other allies to go with you
- Call the Political Action Department at **202.639.6457**

We've used this recipe for dozens of actions this year. **LAWMAKERS PAY ATTENTION.** AFGE members get involved and energized. The public hears our message.

### We'll:

- Send you rally signs, talking points and a sample flyer for turnout
- Work with you to turnout the media

What do you have to lose except your pay, pension and job.
